

government
communications

Department:
Government Communication and Information System
REPUBLIC OF SOUTH AFRICA

What did you think about the Budget Vote?

I think it is good because it tells us about things that Minister is committed to do .If she does not do we can refer on what she said on her speech .

The Community: We are not happy, some of us because the information does not help us in most cases as it is based on communication she can tell us but it will only benefit a few.

Community: As the minister articulated it this can assist you to have first-hand information as SA citizen anything happen around changes in her speech.

Various information material being distributed to members of the public
