GCIS Budget Vote Entities Stakeholders Networking Session

20 May 2015

Mpumalanga GCIS hosted entity stakeholders networking session aimed at mobilizing stakeholders to watch the budget vote and also to create awareness of services rendered by various entities under the Department of Communications. The event was attended by media houses, ICASA, NYDA and COGTA. GCIS made presentation on the mandate of the two departments under the Ministry of Communications as well as the five entities under the Ministry. From the presentation, more emphasis was on the element of communication support to Provincial Departments and municipalities as well as the use of media as a platform for information flow.

The attendees commended GCIS for hosting such event as it helps to build effective partnerships. The event resulted into a robust discussion on how government could improve responding to media questions and take advantage of every communication opportunity and platform effectively. They requested more of these types of events.
