

IMBIZO

Together we move South Africa forward

PART ONE:

The Minister of Communication, Ms Faith Muthambi had an engagement with communicators from both provincial and local government at the Office of the Premier in KwaZulu-Natal. In her address, the Minister emphasised that Communicators need to take a more aggressive stance on communication, as people need to be informed of what government has done and busy doing since the dawn of democracy. She also urged communicators to support community media as a medium to get the message of government across. In her company was the DoC DDG, Ms Nebo Legoabe, the Mayor of Umgungundlovu District Municipality, Cllr Bhanje, and representatives from the office of the Premier, as well as Brand SA.

PART TWO:

The second phase of Minister's visit was to Willowfontain, outside Pietermaritzburg for a feedback session on interventions made following her first visit to the area in September.
