GCIS In partnership with the Cape Winelands District Municipality took a Group of 60 youth from the P.A. The youth was informed about how parliament functions, the purpose of Mandela Day, and how to become model citizens that is proud of their community.

The local community radio station WR FM also accompanied us to National Parliament and interviewed the young ones from the Witzenberg municipality on how they have experienced the educational excursion to Parliament as part of Mandela Month activities. We also visited the GCIS office and the learners were informed about the roles and functions of GCIS as a Department.
