

## TO ALL MEDIA

### RELOCATION OF THE GCIS HEAD OFFICE TO NEW PREMISES

Kindly be informed that GCIS will be relocating on 17 May 2013 from the Midtown Building, Pretoria CBD to a state-of-the-art new office building in Hatfield. The department will begin operating from the new premises – Tshedimosetso House – from 20 May 2013

The new building was built with enhanced communication excellence in mind and has improved facilities for government communicators and our principals.

One of the most important aspects of the building is the broadcast-friendly technology, which is in place to ensure that our press conferences are world-class.

Tshedimosetso House is situated in an area that is serviced by a number of transport routes for your convenience.

Our physical address will be as follows:

### Tshedimosetso House

1035 Frances Baard Street ( previously Schoeman Street), corner Festival Street  
Hatfield  
0028

**Kindly note that media briefings will still take place at Midtown Building until further notice.**

Our postal and e-mail addresses remain the same, while our new telephone and fax numbers will be communicated as soon as they are available.

The switchboard number at Tshedimosetso House will be 012-473 0000.

Media will be invited to a technical briefing and a formal launch of the building at a date to be announced.

**Kind regards**

**Phumla Williams**
