Let's grow South Africa together

ECONOMY

- The unrest in July has negatively impacted the economy by an estimated R50-billion.
- We all must play a role in moving the economy towards an upward trajectory.
- The focus of the country is on implementing the Economic Reconstruction and Recovery Plan, growth and job creation, maintaining fiscal sustainability & strengthening the capacity of the state.
- The government is working hard to ensure value for money by improving the procurement systems; strengthening the capacity of supply chain personnel; and working together with law enforcement agencies to bring to book all those involved in acts of corruption
